

**ZERO BRINE**

# Impacts

Athens meeting 21 June

The ZERO BRINE project ([www.zerobrine.eu](http://www.zerobrine.eu)) has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 730390.

# Impacts

1. Output
2. Outcomes
3. Impacts

# Expected impacts (1)

1. Resource efficiency/optimization of production/reduction of environmental impact
2. Reduction of residual waste generation
3. Business opportunities/exploitation of EU innovative solutions/ improved competitiveness of European enterprises
4. Economic, social and environmental sustainability of proposed approaches
5. Enabling framework/Transition to circular economy

## Expected impacts (2)

- 6. Wide deployment of desalination in water supply sector
- 7. Barriers in achieving determined impacts

# Measures to maximize impact

1. Dissemination and exploitation of results
2. Communication activities
